Voluntary Disability Insurance

Voluntary Disability insurance is designed to pay a benefit to you in the event you cannot work because of a covered physical disease, injury, pregnancy or mental disorder. This benefit replaces a portion of your income, providing funds directly to you to help pay your bills and living expenses in a time of need. Standard Insurance Company (The Standard) has developed this document to provide you with information about the optional coverage you may select through University of Florida.

You have two plan options to choose from, the 30-Day Plan or the 90-Day Plan. Coverage under the 30-Day Plan is provided under both the group Short Term Disability (STD) and Long Term Disability (LTD) insurance policies issued by The Standard. Coverage under the 90-Day Plan is provided under the group LTD insurance policy.

- Are suffering a loss of at least 20 percent of your indexed predisability earnings when working in your own occupation.

You are not disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

After the own occupation period of disability, you will be considered disabled if you are unable as a result of physical disease, injury, pregnancy or mental disorder to perform with reasonable continuity the material duties of any occupation.
